

Canterbury Nursery Spring B

Dear Parents,

We really enjoyed our Transport theme last half term. Children really enjoyed learning about travelling to different places. This half term, we shall now move onto our new topic about animals. We will be learning about pet, farm and zoo animals.

Our topic is pets and animals.

Thank you for all your hard work with helping the children with their homework. We have had some fantastic diary homework, where children have been able to share and talk about their holidays.

We are working towards all of our nursery children being able to write and form all the letters in their name, so please continue to work with your children at home with their name card and letter sounds board.

We have changed our role-play area to a vets and the children will be learning about how to care for and look after animals.

For our maths activities, we will continue with number recognition and number formation. We will also be looking at positional language and routes. We will be learning to discuss routes and locations using words like “in front” and “behind”,

What we will be learning

This half term, we shall be reading and basing learning activities around the following books:

Topsy and Tim on the farm Topsy and Tim at the zoo
Rosie's walk Fred and the little egg
The lion who wanted to love Easter Story

We shall focus on learning these letter sounds for this half term:

**w, z, x, sh, th, ch,
qu, ng, nk**
