

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Canterbury Cross Primary School
Number of pupils in school	489 with Nursery 426 without Nursery
Proportion (%) of pupil premium eligible pupils	28% Nursery to Year 6 31% without Nursery
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-22
Date this statement was published	1/11/21
Date on which it will be reviewed	5/9/22
Statement authorised by	Mr. Din
Pupil premium lead	Mrs. James
Trustee lead	Mr. Bhatti

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£180,230
Recovery premium funding allocation this academic year	£19,430
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£0

Part A: Pupil premium strategy plan

Statement of intent

Improve specific language skills for literacy, numeracy and across the whole curriculum for disadvantaged pupils leading to improved maths, reading and writing achievement across school.
20% of the PP children in year 2 (excluding SEND) to achieve the Higher standard in reading, writing and mathematics at the end of KS1.
The attainment gap in Reading, Writing, SPAG and Maths at the expected level against non-PP peers to be narrowed at the end of KS1.
The attainment gap in Reading, Writing, SPAG and Maths at the expected level against non-PP peers to be narrowed at the end of KS2.
25% of the PP children in year 6 (excluding SEND) to attain the higher standard in maths, reading and writing.
Enhance the curriculum content, pupil experience and the enrichment opportunities for all pupils in order to ensure mastery higher attainment in PP children.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Ensuring that gaps in learning are identified quickly, and that specific and timely interventions are quickly put in to place to ensure that children eligible for PP funding maintain or increase standards of attainment from their starting point. Monitoring of progress for all disadvantaged pupils in all areas of the curriculum.
2	Further embedding changes to the curriculum, and ensuring that the curriculum is taught in depth to ensure all groups of children have the best possible opportunities and highest expectations as a result of a consistent and clear approach to teaching.
3	Ensuring that children's SEMH/behaviour needs (including those due to Lockdown experiences and those that were already prevalent pre-COVID) are met in a timely and personalised manner to enable children to thrive and have all their needs met. (Maslow and Bloom)
4	Engaging parents and families.

5	Ensuring that children's cultural capital is increased through specific experiences including arts/physical education that they may otherwise not access.
6	Development of children's language and communication skills.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Ensuring all children are receiving quality first teaching differentiated personally to meet individual need to ensure maximum progress can be made.	Outcomes for PP pupils are as good as those for non-PP pupils as shown through attainment (internal data and statutory assessment).
To develop confidence and communication skills and to understand the purpose for these skills, and how to will use them effectively in later life.	Outcomes from interventions with the Wellbeing co-ordinator, eg. Lego Club, as well as other specific to need interventions, will show a measured improvement in confidence and communication skills for PP pupils.
To increase aspiration and value on understanding their own education and their place within it.	Pupil conferencing sheets will show an increase in PP children's ambition, and understanding of how their education will have an impact on their lives, as well as accelerated progress as shown in internal assessment. (all subjects)
To develop opportunities to access cultural capital.	Children will be given opportunities that they may not be able to access, eg. sporting activities, shows, performances, educational visits, musical instrument learning, etc., which will impact positively on their self-esteem and confidence. This will translate into their accelerated progress and attainment through internal assessment. (all subjects)
To develop communication and language skills as a priority in EYFS.	Wellcom assessment and interventions will show strong progress and an improvement in communication and language skills in EYFS. Also, attainment of expected in the ELG of Communication and Language will be on a par between PP and non-PP pupils.

<p>To ensure that gap resulting from the lockdowns does not widen further from that of non-PP eligible children.</p>	<p>Outcomes for PP pupils are as good as those for non-PP pupils as shown through attainment (internal data and statutory assessment).</p>
<p>Support to be given by the school to increase parental engagement and subject knowledge to support children's learning at home (i.e. daily home reading, homework, EYFS assessment by parents)</p>	<p>Records from DHTs/SENCO/Curriculum Leads, as well as Reading Records and homework records, will show that parents have the confidence and subject knowledge to support their children's learning at home, as well as attainment data/progress for PP pupils.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ *[insert amount]*

Activity	Evidence that supports this approach	Challenge number(s) addressed
CPD for the Teaching Assistants supported by the SENCO and DHT and led by the HLTA in mastery learning and how to run successful interventions/ identify need and give instant support in class	<p>Feedback Very high impact for very low cost based on extensive evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Small group tuition Moderate impact for low cost based on moderate evidence</p> <p>Teaching Assistant Interventions Moderate impact for moderate cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2
Retention of Teaching Assistants in Year 1, Year 2, Year 3, Year 4 and Year 5 to ensure timely, specific and focused interventions are taught to focus PP children	<p>Feedback Very high impact for very low cost based on extensive evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Teaching Assistant Interventions Moderate impact for moderate cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2
CPD on Wellcom assessment and language and communication programme, and how to support communication in the EYFS by the SENCO and EYFS lead	<p>Individualised instruction Moderate impact for very low cost based on limited evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Oral language interventions Very high impact for very low cost based on extensive evidence</p>	6

CPD focusing on positive behaviour strategies, and how to support children at a personalised level, through clear structures/routine and a consistent but flexible approach.	<p>Behaviour interventions Moderate impact for low cost based on limited evidence</p> <p>Social and emotional learning Moderate impact for very low cost based on very limited evidence</p>	3
CPD on the wider curriculum led by Lead Practitioners and managed by the Curriculum Leads to ensure children access the wider curriculum, deepen their knowledge and develop interests, skills and talents in other subjects.	<p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Arts participation Moderate impact for very low cost based on moderate evidence</p> <p>Physical activity Low impact for very low cost based on moderate evidence</p>	2

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ [insert amount]

Activity	Evidence that supports this approach	Challenge number(s) addressed
Year 6 support teacher for small group teaching for focus children in maths and English	<p>Feedback Very high impact for very low cost based on extensive evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Small group tuition Moderate impact for low cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2
Year 5 support teacher for small group teaching for	<p>Feedback Very high impact for very low cost based on extensive evidence</p>	1 2

focus children in maths and English	<p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Small group tuition Moderate impact for low cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2
Year 4 support teacher for small group teaching for focus children in maths and English	<p>Feedback Very high impact for very low cost based on extensive evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Small group tuition Moderate impact for low cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2
Year 3 Teaching Assistant for small group teaching for focus children in maths and English, and focused afternoon interventions	<p>Feedback Very high impact for very low cost based on extensive evidence</p> <p>Mastery learning High impact for very low cost based on limited evidence</p> <p>Small group tuition Moderate impact for low cost based on moderate evidence</p> <p>Teaching Assistant Interventions Moderate impact for moderate cost based on moderate evidence</p> <p>Reading comprehension strategies Very high impact for very low cost based on extensive evidence</p>	1 2

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ [insert amount]

Activity	Evidence that supports this approach	Challenge number(s) addressed
Specific support for PP children in overcoming barriers to learning and ensuring positive mental health by the Wellbeing Co-ordinator.	<p>Behaviour interventions Moderate impact for low cost based on limited evidence</p> <p>Oral language interventions Very high impact for very low cost based on extensive evidence</p> <p>Mentoring Low impact for moderate cost based on moderate evidence</p> <p>Social and emotional learning Moderate impact for very low cost based on very limited evidence</p>	3 6
School based Early Help led by the DHT and supported by the Wellbeing co-ordinator to	<p>Parental engagement Moderate impact for very low cost based on extensive evidence</p>	4

ensure parental support and engagement in children's education is strong.		
School based support led by the DHTs and the SENCO and Curriculum Leads to ensure parental understanding of the curriculum, and thus children are supported in learning at home.	<p>Parental engagement Moderate impact for very low cost based on extensive evidence</p> <p>Homework High impact for very low cost based on very limited evidence</p>	2 4
Focused experiences, which have been carefully identified, to match the needs of the children and increase their ambition and access to cultural capital.	<p>Arts participation Moderate impact for very low cost based on moderate evidence</p> <p>Physical activity Low impact for very low cost based on moderate evidence</p>	5

Total budgeted cost: £ *[insert sum of 3 amounts stated above]*

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

See the separate review document for 2020-21.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
