

Abridged Risk Assessment

Below are the considerations we have risk assessed to ensure a safe environment in school.

1. Identify likely numbers of pupils returning and staffing resource.
2. Plan how the whole school will be accommodated and encourage attendance.
3. Communications to parents and pupils including discussing attendance expectations and preparing returning pupils.
4. The School day.
5. Provision for meals and FSM.
6. Safeguarding provision to support returning children and increased referrals.
Consider alongside online offer guidance:
<https://www.gov.uk/guidance/safeguarding-and-remote-education-during-coronavirus-covid-19>
7. Behaviour policies reflect the new rules and routines necessary to reduce risk in your setting.
8. Curriculum priorities including any approaches to 'catch up' support.
9. Content and timing of staff communications.
10. Protective measures and hygiene.
11. Enhanced cleaning and how it will be implemented in your school and how you will ensure sufficiency of supplies.
12. Enhanced hygiene practices and arrangements for shared items.
13. School level response for symptomatic or ill pupils or staff members.
14. Plan for personal protective equipment for staff.
15. Managing premises related issues.
16. Impact on staff and pupils with protected characteristics and adapting your approach.
17. Working with other school-based provision.
18. Home to School Transport.
19. Contingency planning for local or national lockdown.
20. Coronavirus (COVID-19) asymptomatic testing in schools.
 - a. Rapid asymptomatic testing for visiting/peripatetic staff working with pupils.
